DECORATIVE  
CORNICES  
AND  
PLASTER  
MOULDINGS

## DECORATIVE CORNICES AND MOULDINGS

The new extended collection will enhance any new construction or renovation/decoration project you may have, and will provide a distinctive and enduring impression.

Versatile Building Products have established themselves as an industry leader and are renowned for producing quality products.

Specialising in the time honoured tradition of providing elegant hand crafted cornices and mouldings, which can be either custom designed or selected from an extensive standard range.

VBP is a family owned and run business, proud to offer high quality products and service. Their indepth knowledge of building industry requirements- coupled with manufacturing expertise, has provided a strong platform from which those with a discerning eye for detail, including architects, developers and trade applicators have come to trust, giving confidence and credibility in VBP's superb range of products.
