SPOTLIGHT

VERSATILE MITRE 10

Principal Kitchens are a highlight in our Selection Hub, every detail of the kitchens and laundries you're about to discover has been designed around the very best in contemporary living. With clever storage solutions, the latest finishes, and special touches to make your kitchen and laundry distinctly your own, Principal helps set a new standard in kitchen and laundry design trends. Discover durable and stylish bench tops and finish your room with sinks and tapware. From traditional looks to ultra-cool and contemporary, there really is something to inspire everyone.

Installing your Principal kitchen or laundry couldn't be easier with all assembly hardware included in our cabinet packs such as hinges, runners, screws and cabinet feet.

No separate purchases of these hardware or fasteners are required. Visit Versatile today and check out a stunning Principal Kitchens display.

YALE SEAMLESS ENTRY

Seamless Entry

Yale Unity Entrance Series with Connect Plus Wi-Fi Bridge

The Unity Entrance Series is the answer to seamless entry with the Yale Unity Entrance Lock and the **NEW** Yale Unity Security Screen Door Lock.

Together when installed with a Yale Connect Plus Wi-Fi Bridge, the Unity Entrance Series features DualDoor™ Technology*. With a single command the user can operate both the security screen door and the main entrance door together. Door lock or unlock command operates both locks (Unity Security Screen Door Lock and Unity Entrance Lock) in a sequence.

The Yale Access ecosystem can integrate with the Unity Security Screen Door Lock and Unity Entrance Lock together to operate both locks with a single command. The technology works seamlessly, to provide ultimate user convenience. Users can enter the home without keys and save the effort of operating the screen door and main entrance door locks together.

To view the range visit yalehome.com/au/en

Download the free Yale Access app on iOS and Android.

*DualDoor™ Technology requires use of a Yale Connect Plus or two Yale Connect Bridges (one per lock) to operate.
